

Thank you heaps

Angela

Raukawa falls camp 2011

THANK YOU

Thanks heaps for the work you put into camp this year. I really enjoyed having you come and be my activity leader. You made it fun for me and I think for the rest of the team. You pushed me to give everything a go especially the water slide! I am proud of what I accomplished on camp and what I will accomplish in the future. Thanks for the encouragement. When I did well on something like archery then you and the group cheered me on.

THANK YOU

I think Marty and you did a good job on getting the group to have lot's of fun but that what was really good on camp. You encouraged me to give everything a go even if it looks hard.

You did a good job

From Gemma
